DHSD

Hardwood-to-Hardwood Deck Screw

SIMPSON

Strong-Tie

Simpson Strong-Tie has expanded its line of decking screws with the introduction of the DHSD series. These fasteners are ideal for fixing hardwood decking-to-hardwood joists. DHSD screws require no pre-drilling, making them easier and faster to install than typical decking screws.

Hand-Drive

| Model No. | Size | Diametre (mm) | Length (mm) | Thread | Point | Finish | Ctn Qty |
|---------------|------|---------------|-------------|--------|----------------------|--------|---------|
| SSDHSD50R100 | #10 | 5.4 | 50 | Coarse | Hardwood Drill Point | 305 SS | 100 |
| SSDHSD50R1000 | #10 | 5.4 | 50 | Coarse | Hardwood Drill Point | 305 SS | 1000 |
| SSDHSD60R100 | #10 | 5.4 | 60 | Coarse | Hardwood Drill Point | 305 SS | 100 |
